Subject: Draft Deed Notices

Fonda - Attached are two versions of the deed notices that could be filed on a property at VB/I-70 where the property owner (PO) does not provide access for either sampling or cleanup. The versions differ depending on whether we had access for sampling (and therefore have sampling results) or were denied access for even sampling.

We'd like the State's comments so that we can then get both versions translated into spanish to have when we go knocking on doors for access. I'm not intending to hand out copies but it would be something we could show owners who may need some "encouragement" to sign an access agreement. If you would be able to provide us comments by June 20th that would be helpful or please let me know if that time frame doesn't work.

Thank you.
